Societies

**Society for Industrial and Applied Mathematics (SIAM) UW**
SIAMUW is one of several student chapters of the Society for Industrial and Applied Mathematics (SIAM) across the nation. SIAMUW is an organization for undergraduate students, graduate students, and faculty at the University of Washington interested in the application of mathematical techniques to real world problems in science and industry.

**Association for Women in Mathematics (AWM) UW Student Chapter**
Student chapter of the national organization AWM, focused on encouraging women and girls to study and have careers in the mathematical sciences.

**Enhancing Diversity in Graduate Education (EDGE) Program**
The EDGE Program is designed to strengthen the ability of women students to successfully complete PhD programs in the mathematical sciences and place more women in visible leadership roles in the mathematics community.

**Advancing Chicanos/Hispanics & Native Americans in Science (SACNAS)**
UW chapter of the national organization SACNAS, focused on supporting success of Chicanos/Hispanics and Native Americans in STEM.

**Math Alliance**
Since 2001, the NSF-supported Math Alliance has worked to create a community of mentors and students to provide students from underrepresented groups the opportunity to work towards applying to graduate programs with the help of a mentor.

**UW Society for Women in Engineerin (SWE)**
UW chapter of the national organization SWE, focused on motivating both women and men to have careers as engineers and leaders.

**Women in Science & Engineering (WISE)**
Program for recruiting and supporting women in science and engineering at UW.

**Out in STEM (oSTEM)**
UW chapter of a national organization focused on supporting LGBTQA communities in STEM fields.

**American Meteorological Society (AMS)**
The American Meteorological Society advances the atmospheric and related sciences, technologies, applications, and services for the benefit of society.

**American Mathematical Society (AMS)**
To further the interests of mathematical research, scholarship and education, serving the national and international community.
through publications, meetings, advocacy and other programs.
